THE SCREEN'S MOST CHARMING BEAUTY

Louise Lovely

IS STARRING IN

"The Gilded Spider"

A Marvelous Society Drama in 5 Acts.
Added: A SPLENDID COMEDY DRAMA

Tomorrow and Saturday—Dorothy Gish, in "Susan Rocks the Boat"

BLUE BIRD FEATURE AT ORPHEUM TODAY

Louise Lovely Starred in "The Gilded Spider," a Dramatic Masterpiece.

Love, hatred, jealousy and vengeance together with exciting and sensational situations go to make up the marvelous Blue Bird drama, "The Gilded Spider," which is presented at the Orpheum theater today in five sublimely pictured acts.

Charming Louise Lovely will appear in the difficult leading role, and, as lovely as her name implies, she completely captivates her audience with her beautiful girlish charm. The story tells of a beautiful girl who is coveted by a millionaire, whose love is spurned because the girl's heart is given for love instead of money. It ends happily, and will highly amuse and please all. Other especially picked dramas will also be shown.

Tomorrow and Saturday Dorothy Gish will be seen in the Triangle production, "Susan Rocks the Boat," and Charles Chaplin will appear in a splendid comedy.

In the Universal picture "Corporal Billy's Comeback" featuring Thomas Jefferson, Universal Director Cochrane presents many real veterans of the Civil war, who are spending their declining years in the Californian sunshine, to participate in the filming of the Decoration day scene, in order to give the procession the real atmosphere. Many of the old fellows had never even seen a picture made, and were delighted with the chance to become "movie actors."

GIRL—DO YOU KNOW WHY YOUR HAIR IS UGLY?

If your hair is anything short of perfect—is losing color, too dry, wispy and difficult to arrange attractively. Immediately begin the use of Parisian Sage. The first application removes all dandruff, cools and invigorates the scalp, and beautifies the hair until it is gloriously radiant.

Parisian Sage supplies all hair needs and does not injure either the hair or scalp. It contains the exact elements needed to make it grow long, thick and beautiful. It is delicately perfumed—not sticky or greasy, and can be had at any drug or toilet counter.

Parisian Sage acts instantly—one application stops itching head and freshens up the hair. You will be surprised and delighted with this helpful toilet necessity, for nothing else is so good for the hair and scalp, nothing so quickly beautifies the hair, giving it that enviable charm and fascination. Parisian Sage is one of the quickest acting hair tonics known—Inexpensive and easily used at home. Write—Havermaker Company sell lots of it and will guarantee it to you.—Advertisement.

DR. JAMES BRIDGEMAN

Advice of Mother no Doubt Prevents Daughter's Unhappy End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the women's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all drugists.

Write to: Chas. H. Medicine Co., Ladies' Tonic Dept., Canton, Mass., for Cardui. Instructions on your case and 64-page book "Home Remedies for Women" in plain wrapper. N.C. 1916

"The Fall of a Nation" and "The Birth of a Nation" are both playing in New York.

SOME ADVANCE TIPS

(Continued from page ten.)

organized yesterday has been called off because we could not decide which was the best man of us three and I and Percy Hammond are not speaking any more and I am glad of it.

The conventions going to open up tomorrow, but the session will only be about ten minutes long because they're afraid they will go through too quick. And it still looks like Roger Sullivan O'Leary and Gov. Major of Missouri and the rest of the candidates for vice president has as much chance of getting nominated as Jim Larkin. Us reporters are wondering what would happen if Mr. Major would be nominated and elected and then have Wilson pass away and Major be president and what would happen?

Well, it couldn't be no worse and it might be better because they ain't but very few good dancers among the rulers of this lovely world.

OIL AND GAS DEVELOPMENT OF TRI-STATE

Latest Reports of Operations in West Virginia, Pennsylvania and Ohio.

Interest in the eastern fields is becoming more intense as development work progresses. The search for new production is more determined than at any time since operations revived. So far the best results have been in the old districts and in sections that were overlooked in the days of early development. The discovery two weeks ago of a gas pool in West Virginia, Madison district, Marion county, W. Va., was one of this kind. It is located surrounded by producing wells, except for a very few farms. Despite the fact that the well is still holding up at 300 barrels a day there are those who are of the opinion that as an extension to the old Pitzer pool it will prove small in area and in trying to extend its limits many disappointments encountered. This has been the history of nearly all of the discoveries in old territory for a number of years. A few of the early investors got out with a profit and the remainder take a loss.

May Lead to New Pool.

Some days ago the Hope Natural Gas Company drilled in a wildcat on the W. F. Barnes farm, located six miles above Grantsville, near the mouth of Steer Creek, Sherman district, Calhoun county. A nice showing of oil was developed in the Big Injun sand and drilling was suspended to erect tankage. Yesterday the well was drilled four feet deeper into the sand and the ensuing four hours the well flowed about thirty-five barrels. It will be drilled deeper today. There is no production within four miles of this location. One and one-half miles southeast a dry hole was completed some years ago on the Sarah E. Bennett farm. The location of the well and its showing has attracted a good deal of attention and there are those who are of the opinion that it will lead up to the development of a new pool. There seems to be some difference of opinion as to whether it is the Big Injun or Keener sand from which the well is getting its production. The Hope Natural Gas Company has quite a large acreage under lease in that district.

On Bartholomew Run, Manning district, Marion county, the Clayton Oil Company completed No. 2 on the lease No. 2 of the James M. Campbell farm and it will make a 10-barrel pump in the Big Injun sand. On Cabin Run, Central district, Doddridge county, the Imperial Oil and Gas Products Company drilled a test on the F. M. Britton farm through all sands and it is a duster.

In Centerville district, Tyler county, the Philadelphia Company drilled its test on the Finley Dotson farm through the Big Injun sand and it is showing for a natural producer good for 10 barrels a day. In McElroy district, the McKelvey Oil and Gas Company completed and has a duster in the Keener and Big Injun sands at No. 2 on the Anna M. Fox farm.

New Work in Kanawha County.

On Willis Creek, Big Sandy district, Kanawha county, the Gurner Oil Company completed a test on the Walter Facey farm in the Big

"THE GIRL AND THE ROSE"

TINY JAPS HELP SWELL WAR FUND

Takato Takamine and Masa Takamine at allied bazaar.

These two tiny workers are the children of Dr. F. C. Takamine of Brooklyn, N. Y., and are doing their small share toward making the allied cause in New York a huge success. Nearly \$1,000,000 is the estimated gift for the first week of the bazaar, and it is expected that \$1,000,000 will be taken in before the exhibition is over.

Injun sand. Since giving it a shot they have been bailing four barrels a day from the well. The location is more than a mile northeast of the United Fuel Gas Company's test on the Fletcher farm, on Pinch Creek, Elk district, Kanawha county. The Ohio Fuel Oil Company has started to drill a second test on the Isabelle Myers farm. On the same stream and in the same district the South Penn Oil Company is drilling No. 4 on the F. G. Woody farm.

Southeastern Ohio.

The northern end of the deep sand field in Southeastern Ohio, located in Hopewell township, Licking county, the Planet Oil Company has completed and shot a second test on the E. H. Krogger farm, located 600 feet west of No. 1. The first 24 hours after it was shot it produced 100 barrels. In the Junction City district, Jackson township, Perry county, the Lupton Oil Company completed and shot No. 5 on the H. O. Ryan farm and it is not better than a 10-barrel pump in the Clinton sand.

Shallow Sand Completions.

The shallow sand districts are completing a good many light wells. In the Cow Run district, Lawrence township, S. E. Edwards & Co. have started to drill a test on the Frank Winstock farm. In the same district Patterson Needs have started to drill No. 7 on the Lucretia Dye farm.

Noble county is completing as many wells as any other. In the Caldwell district, Centerville, J. C. McKee & Co. drilled a second test on the J. B. Stone farm through the Macksburg 700-foot sand. It is a light pump in that formation. In Enoch township, W. M. Heannon & Co.'s test on the John Bryan farm is a light pump in the Buell Run sand.

Fair Producer in Washington County.

Near Pleasant Grove, East Finney township, Washington county, Pa., the Manufacturers Light and Heat Company drilled its test on the Sarah Gery farm into the strays above the Gordon sand and it shows for a 20 or 25-barrel producer. This location is 1,000 feet northeast of the same company's fourth sand producer on the Amen and D. J. England farm.

The Oil Markets.

The prices paid for oil of various grades by the purchasing agents are:

Pennsylvania	\$2.60
Mercer black	2.10
New Castle	2.10
Cornwall	2.10

great state, but he is also a delightful speaker. These convocation exercises will follow immediately upon the two days of registration, namely, Friday and Tuesday, June 19 and 20.

C. P. Colgrove, head of the department of education in the Iowa State Teachers College, Cedar Falls, Iowa, has been engaged to assist in the "short course" for county superintendents and district supervisors, which will begin July 10 and last for two weeks. Dr. Colgrove was formerly state superintendent of Iowa and he is best known among West Virginia teachers as the author of "The Teacher and the School," a book which was recently on the teachers' reading circle list and which was read and studied with much pleasure and profit by hundreds of West Virginia teachers.

On Thursday evening, June 29, Henry Oldys, of Maryland, a celebrated lecturer on birds and bird-life, will give a public lecture in Commencement hall. Mr. Oldys was here during the winter and so delighted all of his hearers that he has been engaged to come again.

The Clifford Devereux Company will give an open air performance on Tuesday afternoon and evening, July 18.

The Maryland state board of education has recommended the university summer school to the teachers of Maryland as a good place to meet the requirements of the new Maryland law. It is expected that there will be a large number of Maryland students here this summer.

COMMISSIONER'S NOTICE.

F. O. SUTTON, Administrator of the Estate of William L. McWhorter, deceased, VS. J. IN CHANCERY.

Sigourney McWhorter, Minnie Whitehair, Emma Houch, William L. McWhorter, Eustace L. McWhorter, Bessie Davis, Francis McWhorter, an infant, Clara Hickman, an infant, Richard T. Lowndes, Robert S. Douglas, Trustees, H. T. Myers and Dr. J. B. Payne and other unknown creditors of William L. McWhorter, deceased.

The parties named above, and each of them, will take notice that on the 27th day of July, 1916, at my office, 214 Court street, in the City of Clarksburg, West Virginia, I will proceed to execute the order of reference entered in the above styled cause on the 13th day of May, 1916 by the Circuit Court of Harrison County, West Virginia, wherein I am directed to audit, state and settle the accounts of the plaintiff, administrator of the estate of William L. McWhorter, deceased; to ascertain and report the real estate of the said William L. McWhorter, deceased, and where situated and the value thereof; to ascertain and report the debts, if any, upon said real estate, their amounts and priorities, and what debts, if any, the said William L. McWhorter owed at the time of his death or where chargeable to his estate; and to whom owed and their amounts; and any and all other matters that may be required by the parties hereto, or that the said commissioner may deem pertinent.

At which time and place you may attend and produce such evidence as will enable me to perform the duties required by said order of reference.

Given under my hand this 13th day of June, 1916.

W. M. CONAWAY, Commissioner in Chancery

F. O. SUTTON, Counsel for Plaintiff.

NOTICE TO CREDITORS.

To the Creditors of William L. McWhorter, deceased.

In pursuance of a decree of the Circuit Court of Harrison County, made in a cause therein pending to subject the real estate of the said William L. McWhorter, to the payment of his debts, you are required to present your claims against the estate of the said William L. McWhorter for adjudication to W. M. Conaway, Commissioner, at his office in said county, on or before the 27th day of July, 1916.

Witness, I, Wade Coffman, Clerk of the said Court, this 13th day of June, 1916.

W. WADE COFFMAN, Clerk.
